AI ENGLISH EXAM PLATFORM

Smarter exams, powered by AI.

The all-in-one platform for the modern institution — secure delivery, AI proctoring, and grading across all four skills, end to end.

AI Proctoring

Detects phones, notes & second faces in real time. Every flag timestamped and severity-ranked — one teacher oversees many rooms.

Grading · 4 skills

Listening, Reading, Writing & Speaking scored in seconds against a clear rubric — with actionable, student-ready feedback.

Flexible modes

Pick your automation: AI Auto-Grade, Proctor + Examiner, or full hybrid where AI drafts and teachers have the final say.

Your exam, your rubric

Build a custom exam with proctoring built in — and grade against **IELTS**, **CEFR**, or your own **custom rubric**.

100+	4	Live	IELTS
candidates / session	skills — L · R · W · S	with a university partner	+ CEFR & custom rubrics

See BestGrade run your next exam.

AI ENGLISH EXAM PLATFORM

Smarter exams, powered by AI.

The all-in-one platform for the modern institution — secure delivery, AI proctoring, and grading across all four skills, end to end.

Integrity without an invigilator in every room

Procto detects phones, notes & second faces in real time, then hands teachers a timestamped, severity-ranked violations report — one teacher oversees many sessions.

All four skills, scored consistently

Listening, Reading, Writing & Speaking graded in seconds against a clear rubric — a score out of 10 with feedback students can act on, teachers in the loop where it matters.

Choose the workflow that fits

Three modes, one platform — AI Auto-Grade, Proctor + Examiner marking, or full hybrid where AI drafts the first pass and teachers adjust any score.

Your exam, your rubric

Build a custom exam with proctoring built in — and grade against **IELTS**, **CEFR**, or your own **custom rubric**.

100+	4	Live	IELTS
candidates / session	skills — L · R · W · S	university partner	+ CEFR & custom rubrics
